Dear Mayor Mancera Espinosa:

On behalf of Toronto City Council and the residents of our city I would like to extend our thoughts and best wishes to all those affected by the recent powerful earthquakes that occurred in Mexico City.

The City of Toronto enjoys a strong and growing relationship with Mexico City. We stand in solidarity with the communities and governments of Mexico City as you work to repair the damage the earthquake has done, mourn the lives it has taken and support all those touched by the devastation.

The human costs have been high and we send our sympathy to the people of Mexico City. Our thoughts are with you as you work to recover and re-build.

Yours truly,

John Tory
Mayor City of Toronto
